TERMS AND CONDITIONS OF SALE

Prices are all f.o.b. Benton Harbor, Michigan, or point of shipment. 3% discount for cash with order, 2% ten days to customers of established credit; net thirty days. No charge for containers.

Shipment will be made by express unless instructed to the contrary. If you wish parcel post shipment, add 10% to order. Excess will be refunded. If amount should be insufficient, you will be billed for shortage and may remit upon receipt of shipment.

We guarantee our bulbs and plants to be true-to-name, and cheerfully replace or refund for any that prove otherwise. If stock is not satisfactory when received, return same at once and your money will be promptly refunded. Owing to conditions beyond our control, we cannot be in any way responsible for the crop. Complaints cannot be entertained unless made within ten days after receipt of goods.

In case we are sold out of a variety or size, we shall supply nearest size or a variety equally as good or better, **UNLESS YOU ADVISE OTHERWISE.**

Colored illustrations will be furnished upon request with bulbs ordered for counter trade.

Michigan Grown GLADIOLUS BULBS

For Outside Planting—Counter Sales or Mail Order Trade

In buying direct from the grower, you have the assurance of quality bulbs grown especially for the wholesale trade from young, vigorous stock. You are assured of high-crowned true-to-name bulbs, accurately graded, hand selected; clean and healthy—thrips free. These bulbs cannot fail to produce top grade flowers.

For best results plant first or second size bulbs. Many successful florists use third size bulbs for main crop outside, with second size for extra early or late.

If not familiar with the varieties listed, we recommend our Collections A, B, C or D, which we feature as an introductory offer to new customers.

If bulbs are ordered for counter trade, colored illustrations, planting instructions and newspaper mats will be furnished upon request.

Delivery can be made any time to June 15th; and you may be assured that every effort will be made to handle your order efficiently, promptly and to your entire satisfaction. Prices are subject to change. If in need of large quantities, send us your list for a special quotation.

Dust with DDT for protection against insects. To prevent thrips infestation, we recommend dusting with 5% DDT once a week, starting when the plants are 6 inches high, until the flower spikes appear. The best time to apply this dust is early morning while leaves are wet with dew. Wettable DDT sprays may be used. Follow manufacturers recommendations.
